Our Services

Ocean Freight Services

We provide a wide range of ocean freight options, ensuring smooth booking, efficient equipment management, and customized solutions. Our team helps you choose the best shipping company for your goods, offering both Full Container Load (FCL) and Less than Container Load (LCL) services, tailored to your cargo volume and specific needs.

Air Freight Services

We handle door-to-door delivery, moving goods directly from the sender to the recipient, and take care of all logistics with accuracy. Our services also include the safe transport of hazardous and sensitive materials, following strict safety guidelines. Additionally, we provide solutions for oversized cargo that doesn't fit the standard air freight limits.

Land Freight Services

Our land transportation services include trucking, rail, and intermodal solutions for both domestic and cross-border shipments.

We manage every aspect of the transportation process, from loading to delivery, including customs clearance and border crossing formalities, ensuring a smooth and efficient experience for all your land freight needs.

Our Services

Customs Clearance Services

Easily navigate customs procedures with our all-inclusive customs clearance, logistics, and warehousing solutions. We expertly manage every aspect of the import and export process, ensuring smooth and timely clearance. Our services include thorough documentation preparation, tariff classification, duty recovery, and handling all necessary international shipping paperwork.

Project Services

We specialize in managing complex project logistics, including oversized and heavy lift cargo. Our team provides tailored solutions to meet your specific requirements, ensuring that every aspect of your project is handled efficiently and safely.

Our Services

Storage and Distribution Services

We provide a wide range of warehousing and distribution services to streamline your supply chain operations. Our solutions include inventory management, order fulfillment, and value-added services such as labeling and kitting, all designed to enhance efficiency and meet your specific needs.

Aircraft and Vessel Leasing Services

We help businesses transport goods by air or sea through specialized services.

We manage the transportation of goods using private or dedicated aircraft, ideal for large or urgent cargo and we organize chartered ships to move bulky or heavy shipments.

In both air and ocean freight chartering, we handle all the logistics and coordination, ensuring that shipments are delivered efficiently and professionally, with the right transport solution for each need.

Logistics Services

4PL (Fourth-Party Logistics)

Our 4PL solutions offer a streamlined approach to supply chain management, helping you optimize operations, cut costs, and gain better control and visibility across your entire supply chain. We make logistics simpler, more efficient, and cost-effective.

Strategic Partnerships

Our focus on building strategic partnerships with leading regional companies allows us to secure the best arrangements and pricing for a wide range of cargo services. These strong partnerships, aligned with our goals, reflect our commitment to trust, innovation, and delivering exceptional results.
